Summary Of Recommendations

No objection

Comments On Proposal

The proposal is for on an annual six-month basis, to have a temporary tent/marquee for home business sited with the grounds to the rear of the listed former water mill.

Given the wooded nature of the location for the temporary tent/marquee, and their size is such that given the sites location distance from the historic former mill is such, that it is considered the be temporary tent/marquee has no adverse impact on the setting of the listed building.
