COMMENTS:

I wish to register my objection to this planning application. This area abouts a Nature Reserve and would cause serious noise and light pollution affecting the wide range of wildlife that inhabits the reserve and the development fields themselves. The development area also represents part of the green belt between Finchampstead and Eversley and would form part of creeping development. As I understand it, development of this area does not form part of the Finchampstead Local Area Development Plan or Wokingham Borough's plans for building requirements so should be rejected.
