Minicom No: (0118) 974 6991

Dear WBC Drainage,

Householder Consultation

Application Number: 252636

Applicant: Mr C Correa

Site Address: 50 Shefford Crescent, Wokingham, RG40 1YP

Parish: Wokingham Town

Grid Reference: Easting - 481718, Northing - 169614

Type of Development: Other Householder

Proposal: Householder application for the proposed single storey rear extension and front porch.

Case Officer: Julia Gibowicz

Development Management has received the above application, and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 252636. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be requested from the case officer.

Your observations are required in respect of this application by **21 November 2025**.

Yours sincerely,
Development Management & Compliance

MEMORANDUM

From:	Boniface Ngu Flood Risk & Drainage		
Service	WBC Drainage	App No:	252636
Address:	50 Shefford Crescent, Wokingham, RG40 1YP.		
Proposal:	Householder application for the proposed single storey rear extension and front porch.		
Type of Development:	Other Householder		
Site Visit Made:	No		

Summary Of Recommendations

- ☐ No comment
- ☐ No objection
- ☒ No objection subject to conditions (and reasons) **stated below**
- ☐ Request further information before determination as **stated below**
- ☐ Objection due to the reason(s) **stated below**

Comments On Proposal

The front of the existing dwelling is within flood zone 2 while the rear is within flood zone 1.

We would have no objection to the principle of the development, as represented by **existing & proposed plans and elevations drawing 01 dated October 2024.**

As drainage details have not been provided, we would **recommend the condition below:**

Conditions & Reasons (if required)

No construction shall take place until details of the existing drainage system have been provided, as well as details of how the proposed extension feeds into the existing drainage system, (or details of a completely new drainage system), demonstrating that flood risk will not increase on or off site. This should be represented on a drainage strategy drawing.

The above details shall be approved in writing by the LPA.

The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF (2023) Section 14 (Meeting the Challenge of Climate Change,

Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.

Date:

06/11/2025

Signed:

Boniface Ngu
