COMMENTS:

I hate to see MORE and MORE houses going up in this small village. Poor wildlife will have nowhere to live . We are killing so many by doing this and also our country is fit to bursting as it is. We moved to Arborfield from the busy town centre so that we could live in a more rural area away from the busy streets of Reading. Traffic is also becoming a real issue in the area and it can take me 45 mins to get from Arborfield to Lower earley where I park for work and much longer when I get the bus to work
