

Former Arborfield Studios (Parcels W,Y and Z), Arborfield Green

Environmental Statement

August 2026

Prepared on behalf of

Document title:	Environmental Statement
Project:	Former Arborfield Studios (Parcels W, Y and Z), Arborfield Green
Client:	Crest Nicholson Operations Ltd.
Job number:	729681
File location:	Planning Central South - 729681 - Arborfield Studios
	August 2026
	Gavin Hall
	Matt Lindon
	Jack Bell

Table of Contents

Volume 1a: Main Statement

Environmental Statement Chapters

- 1** Introduction
- 2** Site and Local Context
- 3** Proposed Development
- 4** Consultation, alternatives and design evolution
- 5** Approach to assessment
- 6** Air Quality
- 7** Climate Change & Greenhouse Gases
- 8** Ecology
- 9** Ground Conditions and Contamination
- 10** Noise & Vibration
- 11** Transport and Access
- 12** Hydrology (including Flood Risk & Drainage)
- 13** Summary of mitigation, residual and interactive effects

Non-Technical Summary

List of Tables

Table 1.1	Project Team
Table 3.1	Local Housing Needs Assessment (with indicative housing requirement based on proposals)
Table 3.2	Proposed Housing Mix
Table 3.3	Accessibility Standards
Table 3.4	BRE Construction Waste Benchmarks
Table 3.5	Construction Waste Arisings
Table 3.6	Estimated Construction Waste Composition
Table 3.7	Indicative Waste Arising from Households
Table 3.8	List of Assessment Plans
Table 4.1	Key Design Changes/Influences
Table 5.1	Comparison of Environmental Statement Scopes
Table 5.2	Receptor Sensitivity
Table 5.3	Magnitude of Impact and Typical Descriptions
Table 5.4	Framework for Identifying Environmental Effects
Table 5.5	Cumulative Sites
Table 6.1	UK Air Quality Objectives for NO ₂ , PM ₁₀ and target for PM _{2.5}
Table 6.2	Locations where the AQOs should and should not generally apply
Table 6.3	Summary of Operational Sensitive Existing Receptors Scoped into Assessment
Table 6.4	Summary of Operational Sensitive Future Site Receptors Scoped into Assessment
Table 6.5	IAQM Impact Magnitude Criteria
Table 6.6	Measured NO ₂ concentrations
Table 6.7	Defra 2024 background mapping
Table 6.8	Defra 2028 background mapping
Table 6.9	Recommended Dust Mitigation Measures for High-Risk Sites
Table 6.10	Dust Emission Magnitude
Table 6.11	Sensitivity of the area to dust impacts
Table 6.12	Summary of the dust risk impacts for the Proposed Development
Table 6.13	Predicted NO ₂ Concentrations without and with the Proposed Development in place (µg/m ³)

Table 6.14	Predicted PM ₁₀ Concentrations without and with the Proposed Development in place (µg/m ³)
Table 6.15	Predicted PM _{2.5} Concentrations without and with the Proposed Development in place (µg/m ³)
Table 6.16	Predicted NO ₂ , PM ₁₀ and PM _{2.5} Concentrations at Proposed Development Receptors for Site Suitability (µg/m ³)
Table 6.17	Assessor Information
Table 6.18	Summary of effects
Table 6.19	Summary for Securing Mitigation

Table 7.1	Value/sensitivity assessment
Table 7.2	Magnitude of impact
Table 7.3	Likelihood of climate hazard
Table 7.4	Consequence of climate hazard
Table 7.5	Magnitude of impact derived from likelihood and consequence
Table 7.6	Level of effect
Table 7.7	Lifecycle stages considered within whole life carbon scope
Table 7.8	Significance levels
Table 7.9	Benchmark embodied carbon standards
Table 7.10	Construction phase climate risks
Table 7.11	Operational phase emissions
Table 7.12	Operational emissions projections
Table 7.13	Arborfield vehicle trip rates
Table 7.14	Vehicle fleet electrification assumptions
Table 7.15	EV emissions factors over time
Table 7.16	Blended vehicle emissions factors and total emissions
Table 7.17	Operational climate risks
Table 7.18	Assessor information
Table 7.19	Summary of Effects
Table 7.20	Summary for Securing Mitigation

Table 8.1	Data searches with TVERC
Table 8.2	Field Surveys
Table 8.3	Statutory sites within 5km of the Site
Table 8.4	Non- Statutory sites within 2km of the Site

Table 8.5	Habitat Suitability Index Assessment for ponds within 500m of the Site
Table 8.6	Local Nature Recovery Strategy measures achieved through habitat onsite
Table 8.7	Assessor Information
Table 8.8	Summary of effects
Table 8.9	Summary for Securing Mitigation

Table 9.1	Qualitative Risk Assessment – Consequence
Table 9.2	Qualitative Risk Assessment – Probability
Table 9.3	Level of effect
Table 9.4	Assessor Information
Table 9.5	Summary of effects
Table 9.6	Summary for Securing Mitigation

Table 10.1	Elements scoped into the assessment
Table 10.2	Elements scoped out of the assessment
Table 10.3	Assessment of receptor sensitivity
Table 10.4	Magnitude of Impact – Construction Noise
Table 10.5	Magnitude of Impact – Construction Vibration
Table 10.6	Magnitude of Impact – Operation Road Traffic Noise
Table 10.7	Level of effect
Table 10.8	Assumed construction plant and equipment
Table 10.9	Receivers and sensitivity
Table 10.10	Predicted sound pressure levels due to construction
Table 10.11	Predicated increase in road traffic noise
Table 10.12	Assessor Information
Table 10.13	Summary of effects
Table 10.14	Summary for Securing Mitigation

Table 11.1	Scale of Magnitude for Driver Delay
Table 11.1	Scale of Magnitude for non-motorised user delay
Table 11.3	Fear and intimidation degree of hazard
Table 11.4	Level of fear and intimidation
Table 11.5	Fear and intimidation magnitude of impact
Table 11.6	Receptor Sensitivity Descriptors

Table 11.7	Magnitude of impact

Volume 2: Appendices

Appendix 1.1 Assessor Information

Appendix 1.2 Glossary of Abbreviations and Terms

Appendix 2.1 Policy SS11: Arborfield Green Strategic Development Location

Appendix 3.1 Energy and Sustainability Statement

Appendix 3.2 Utilities Statement

Appendix 5.1 Pre-application Covering Letter

Appendix 6.1 Air Quality Policy

Appendix 6.2 Dust Risk Assessment Methodology

Appendix 6.3 Dispersion Modelling Methodology

Appendix 7.1 Inter-Related Climate Change Effects

Appendix 7.2 Climate Projections and Risk Assessment

Appendix 8.1 Preliminary Ecological Appraisal – EcoSupport Ltd., 2026

Appendix 8.2 Preliminary Roost Assessment – Pioneer Environment Group Ltd., 2025

Appendix 8.3 Shadow Habitat Regulations Assessment (sHRA)

Appendix 8.4 Ecological Impact Assessment (EclA)

Appendix 9.1 Desk Study, Phase 1 and Phase 2 Ground Investigation Report

Appendix 10.1 Noise Risk Assessment and Acoustic Design Statement

Appendix 11.1 Transport Assessment

Appendix 11.2 Outline Construction Management Plan

Appendix 11.3 Wokingham Strategic Model Outputs

Appendix 12.1 Flood Risk Assessment and Drainage Strategy

Appendix 13.1 Summary of Effects

Appendix 13.2 Summary of Mitigation Measures
