COMMENTS:

Reading this Planned development in the Spencer's wood area is very worrying indeed the residents of this once beautiful outer country side of Reading has taken far to many developments and the Traffic is now so bad it takes me over a hour to 1 mile at times! I have lived here 20 years now and never seen Traffic and noise like this, It is over development with no thought of road infrastructure with money being the only thing that seems to matter in this day and age. Shame on the lot you who pass this on to us Residents.
