COMMENTS:

Insufficient infrastructure to accommodate increased vehicle movements, especially during Friday prayers, will cause traffic congestion, risk of accidents and long dangerous queues on the A329. Insufficient parking places, this will result in encroachment and conflict with neighbouring businesses - Halfords and Wickes. Negative impact on surrounding areas, increase in litter and possible conflict with near by residents when prayers are conducted on the pavements, because lack of space. Possibility that the A329 will see major disruption and possible closure during Ramadan. This building is simply NOT big enough, nor does it have adequate parking and it will have a huge impact on the flow of traffic around the area, leading to increased journey times for the residents.
