Tudor Roof Tile Co. Limited

Located on the Romney Marsh in Kent
Using traditional production skills, our clay roof tiles offer a range with the past.

Our range of handmade Plain (nibbed) tiles exhibit a larger degree of double camber and capture the character and much sought after aesthetic qualities of older reclaimed tiles.

Our range of handmade Peg (no nib) tiles are flatter, but with a slight camber to match in with existing Peg tiles found on many listed and conservation area properties.

Our Sussex Red colour is achieved using a finer grain of Kent sourced sand when compared to the majority of our tiles, which when fired, produces a pleasing contrast between the lighter tan/brown handworked tiles and darker red tiles.
