COMMENTS:

As our community grows, we need a dedicated space for worship, charity, and social support. Currently, there aren't enough facilities to accommodate Muslims for daily prayers, Friday prayers, Ramadan, and Eid. This space will serve as a community hub for all, fostering charity, education, and social welfare.

Charity & Social Support

Food banks & financial aid for struggling families.

Support for refugees, mental health, and blood donations.

Special needs (SEN), elderly care, and social counseling.

This is more than a prayer space it's a center for unity, support, and giving back to society.
