COMMENTS:

I would like to object to this planning application on the following grounds

1. The effect that this proposal has on the wildlife with the possibility of untreated foul water escaping into the Old river Loddon
2. The increased traffic that would be generated. The Old Bath Rd is already very busy and with large tankers turning in and out of the site at the rate of up to 4 per hour , it is an accident waiting to happen
- 3The site is on a flood plain, and has in the past flooded. It is not rocket science to see that this proposal is seriously flawed.
4. The noise and damage to the road surface which really is a minor rd after all , with all these large fuel tankers using it
