Comments On Proposal

The applicant proposes to increase the numbers of habitable rooms from 7 to 8. As the existing garage does not fully meet the council's requirement for car parking, there will be no loss of parking space. Three driveway parking are proposed within the red line.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require three parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed driveway parking can meet the council's parking requirement, which is acceptable.

The proposed garage store remains suitable for cycle storage, which is acceptable.
