

VARIATION/REMOVAL OF CONDITION **DRAFT DECISION NOTICE**

WOKINGHAM
BOROUGH COUNCIL

Expiry Date: 6 November 2025

Application Number: 252173

Location: The Forge (Montelle Motors), Basingstoke Road, Three Mile Cross, Reading, RG7 1AT

Proposal: Variation to vary condition 2 of planning consent 240745 for the proposed single storey rear extension followed by works to the roof to facilitate a new roof structure, and extending the garage in width by 600mm followed by changes to fenestration and demolition of the existing porta cabin. Condition 2 refers to approved details and the variation is to allow changes to layout.

Recommendation: Approve

Conditions and/or Reasons

2. Approved Details

This permission is in respect of the submitted plans and drawings numbered (1), (2-7), received by the Local Planning Authority on 11/09/2025.

For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

All other conditions of planning permission 240745 apply to this planning permission, viz:

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. See above.

Reason: See above.

3. External materials - Except where stated otherwise on the approved drawings and application form, the materials to be used in the construction of the external surfaces of the extension hereby permitted shall be of similar appearance to those used in the existing building, unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: To ensure that the external appearance of the building is satisfactory.
Relevant policy: Core Strategy policies CP1 and CP3.

4. Construction method statement - No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the local planning authority. The approved Statement

shall be adhered to throughout the construction period. The Statement shall provide for:

- i) the parking of vehicles of site operatives and visitors,
- ii) loading and unloading of plant and materials,
- iii) storage of plant and materials used in constructing the development,
- iv) the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate,
- v) wheel washing facilities,
- vi) measures to control the emission of dust and dirt during construction,
- vii) a scheme for recycling/disposing of waste resulting from demolition and construction works.

Reason: In the interests of highway safety & convenience and neighbour amenities.

Relevant policy: Core Strategy policies CP3 & CP6.

5. Protection of trees - a) No development or other operation shall commence on site until an Arboricultural Method Statement and Scheme of Works which provides for the retention and protection of trees, shrubs and hedges growing on or adjacent to the site in accordance with BS5837: 2012 has been submitted to and approved in writing by the local planning authority. No development or other operations shall take place except in complete accordance with the details as so-approved (hereinafter referred to as the Approved Scheme).

b) No operations shall commence on site in connection with development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and or widening or any other operation involving use of motorised vehicles or construction machinery) until the tree protection works required by the Approved Scheme are in place on site.

c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within an area designated as being fenced off or otherwise protected in the Approved Scheme.

d) The fencing or other works which are part of the Approved Scheme shall not be moved or removed, temporarily or otherwise, until all works including external works have been completed and all equipment, machinery and surplus materials removed from the site, unless the prior approval in writing of the local planning authority has first been sought and obtained.

Reason: To secure the protection throughout the time that the development is being carried out of trees shrubs or hedges growing within or adjacent to the site which are of amenity value to the area, and to allow for verification by the local planning authority that the necessary measures are in place before development and other works commence Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

Informatives

1. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received. This planning application has been the subject of positive and proactive discussions with the applicant in terms of:

- planning issues relating to ecology;
- extending the determination period of the application to allow for a bat survey and arboricultural survey to be undertaken and submitted for consideration;
- amended plans being submitted by the applicant to overcome concerns of the Landscape Officer;

The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.

2. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

3. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

4. Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.

Recommendation and conditions/reasons agreed:

Date: 04/11/25

REMEMBER - The earliest date for a decision on this application is: **3 October 2025**
