Proposed works to trees in a Conservation Area

- G1 Variegated Holly, Bay and Cypress: Group of trees all merged and are sharing one canopy. These trees have not been managed are now at the point where they are dominating their position. The owner wishes to start again and replace these plants with mature hedging and new boarder planting.
- Remove all trees as close to ground level as practicable.
- T2 Magnolia 'Grandiflora': Located on the left-hand boundary.
- Reduce all round by approximately 0.7m. This reduces the height from 5m to 4.3m.
 - Reduce in radial spread by 0.7m. This reduces the spread from 4m to 3.3m.
 - Ensure all cuts are to the nearest suitable growth point and a natural flowing canopy line is achieved.
 - o This is ongoing maintenance, we last carried out this work in October 2021.
- T3 Copper Beech: Located adjacent to T3.
- Reduce all round by approximately 1.5m. This reduces the height from 12m to 10.5m and reduces the radial spread from 5m to 3.5m.
 - Ensure all cuts are to the nearest suitable growth point and a natural flowing canopy line is achieved.
 - Remove deadwood >25mm in diameter.
 - o This is ongoing maintenance as we last carried out this work in 2019.

G1 Tree mass to remove. T2 Showing reduction line. T3 Showing reduction line.

All arisings to be processed and together with the stem and cord wood, removed from site and the area left clear.

Please note: we may request access to toilet facilities for the duration we are on site.

All prices will be subject to VAT at the current rate, our terms and conditions are attached. All work covered by £10,000,000 public liability insurance. Please note we cannot take any responsibility for underground services unless brought to our notice prior to works.

All works are carried out in accordance with the current British Standard 3998: Recommendations from Tree Work 2010, The New Road and Street Works Act 1991, The European Tree Pruning Guide 2005 and Tree Solutions also ensure adherence to The Wildlife & Countryside Act 1981 and European legislation for protected species found in the UK that may be encountered before or during arboricultural operations. I hope you find this to be in order but please do not hesitate to contact me should you wish to discuss any aspects of this quotation. If you wish to accept our quotation, please contact Marilyn in the office on 0118 9737873 or via email, in the meantime I look forward to hearing from you.

Yours sincerely,

Stephen Arnold
