COMMENTS:

I submitted a comment last week, but it does not appear in the list of comments on the website.

Although the site is not in Winnersh, it does abut the ward boundary. Within it is a GRT site, next to the ward boundary. There is nothing on the plans that indicates the provision of any access to this site. This suggests that the access will be via the only existing access, which is Betty Grove Lane. This is an unmade-up single track track, which is not suitable in its current form for additional traffic. There is no indication in any of the documentation of any proposals to upgrade Betty Grove Lane, or to provide an alternative access. This needs to be rectified
