COMMENTS:

This application were it to be permitted would be out of character with all the surrounding houses which are largely four bedrooms. It amounts to a gross over development of the site. The raising of the roof level will be detrimental to my own house and also No 43 Kestral Way. The addition of third floor dormer windows at the rear with a view directly into my back garden is something I strongly oppose. I note their reference to a similar dormer in Starling Close and I would cite this as an eyesore that should never have been approved.
