COMMENTS:

I object as this new development will cause huge traffic congestion in an already congested area. In rush hour traffic it can take 30 to 40 minutes to get from the proposed development site to the junction at the A33. The recent Copenhagen rise development saw contractors taking up available parking on The Square away from the residents that lived there and the junction on the Square with Basingstoke Road was blocked on a regular basis whilst contractors awaited access to the site, causing vehicles to have use the right hand lane to exit, this will happen again and is unacceptable and incredibly dangerous.
