COMMENTS:

I object because when copenhagen rise was being built, the builders were taking up parking space on the square and basingstoke road. They were using the square as a changing room while standing in the middle of our street chatting talking ages to move when cars wanted to get past. They parked on the junction making it dangerous to leave our road. This also meant residents would have to leave an hour before they wanted to be anywhere as it would take 45 minutes to get from our road to three mile cross or our road to swallowfield.
