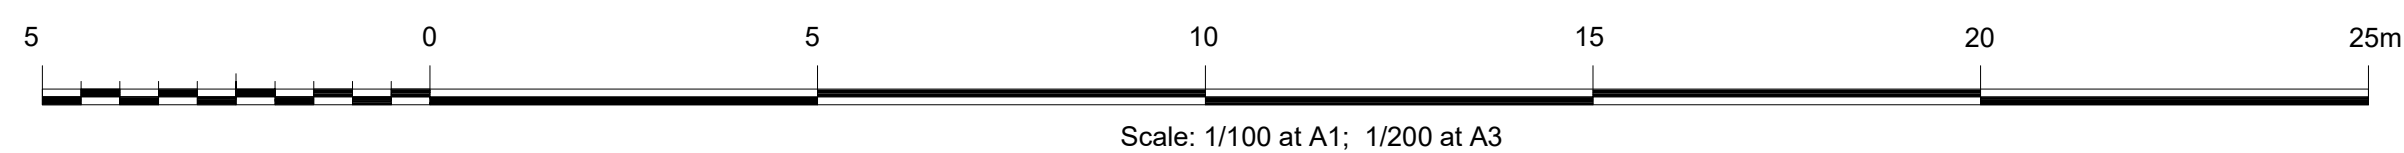

Figure 10: Proposed road profile. The diagram shows a cross-section of the road with various layers and materials. The top part shows the road structure, including asphalt, grass, soil, asphalt deck, grass, plastic deck, medium burlap, and timber handrail. The middle part shows the ground level profile, with a suggested mainline value of 0.018. The bottom part shows the distance from the datum (37.00m A.O.D.) to the ground level, with values ranging from -2.81 to 28.53. The diagram includes various labels for materials, dimensions, and elevations.

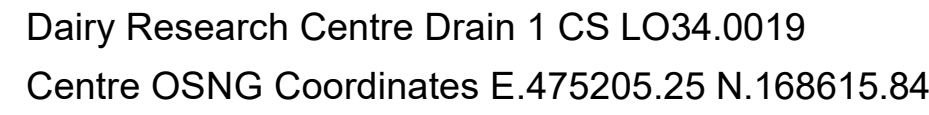

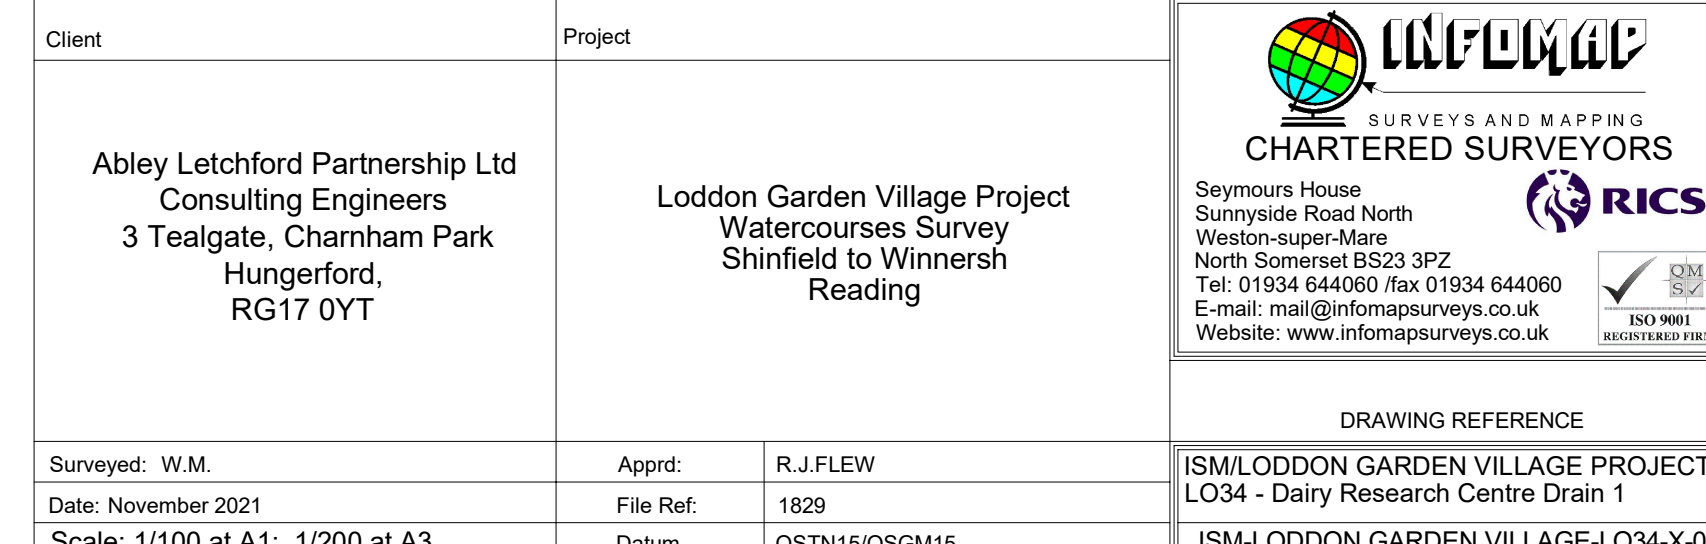

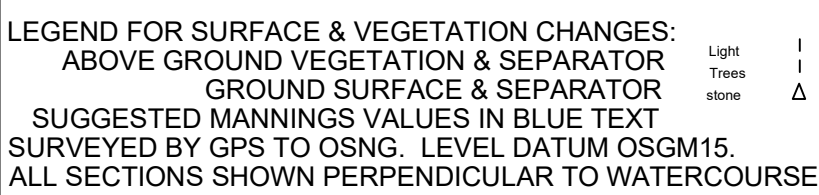

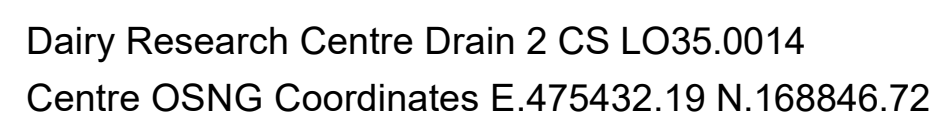

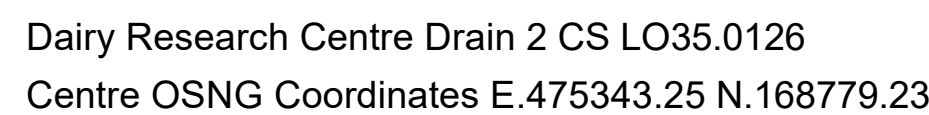

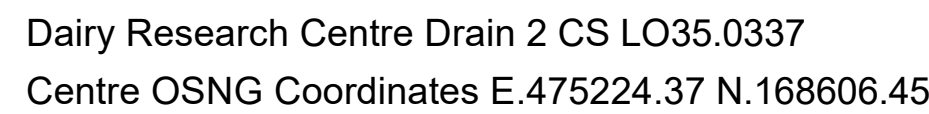

Figure 10: Proposed Section of the Bridge Deck. This diagram illustrates the cross-section of the bridge deck, showing the roadway, shoulders, and supporting structure. The central roadway is 12m wide, flanked by 3m wide shoulders. The bridge deck is supported by a central pier and two side piers. The diagram includes various layers: 'soil' (ground level), 'medium bushes & trees' (vegetation), 'Timber Bridge' (bridge structure), 'Timber Deck' (deck surface), and 'Timber Soffit' (underside of the deck). The diagram is labeled 'Figure 10: Proposed Section of the Bridge Deck'.
