Appraisal:

The proposed development is for a single storey rear extension to form a conservatory, and a retrospective rear dormer window. The proposed conservatory would be 6.1m wide, 5.1m deep and have a hipped roof, 2.5m to the eves and 3.5m to the ridge. The dormer window is 1.1m wide with a pitched roof in keeping with the existing two rear dormers.

The property is detached, with a 1.8m wall forming the boundary with No.38 Keephatch road and 1.8m mesh fence and vegetation to the rear and other side boundary.

1. **Impact upon neighbouring properties**

It is not considered that there would be any adverse effects upon neighbouring properties from conservatory as it would be total obscured from 36 Budgers Road by an existing extension is set away from the boundaries and is single storey. The retrospective dormer window is also considered to have no impact upon the neighbouring properties as it is rear facing and the closest property is more that 90m away.

2. **Impact upon the character of the street scene**

Both the conservatory and dormer would not be visible from Keephatch Road. The materials used would match or be in-keeping with existing and it is therefore considered that there would be no adverse effects upon the character of the street scene.
