COMMENTS:

I wish to object to application 251774 for 2 self build houses in Old Sawmill Lane. There have been previous applications for this site which have been refused as this is back garden development.

Although the application claims to be in Old Sawmill Lane, there are currently 7 homes in this cul-de-sac with the lane then continuing as a footpath through woodland to Pinewood Avenue. Were this application to be allowed it would form a precedent for further encroachment into the woodland on the line of Old Sawmill Lane.

I ask that this application is refused - as were previous applications to develop this site.
