Dear Arboricultural Stephen Arnold,

TREE PRESERVATION ORDER NUMBER: 1041/2002

APPLICATION NUMBER: 242934

SITE ADDRESS: 3 GLEBELANDS ROAD, WOKINGHAM, BERKS, RG40 1DY

I am writing to you regarding your application to carry out works to protected tree(s) at the subject address, which was received and validated on 20 November 2024, and following the Council's Arboricultural Officers site visit on 3 December 2024.

I can confirm Wokingham Borough Council **consents with conditions**, to the following works, being carried out to tree(s) included in the above-mentioned Tree Preservation Order (TPO):

Approved Tree Works to T3 of TPO 1041/2002:

Oak

- Selective crown reduction by up to 2m, reducing average radial spread from 9m to 7m;
- Remove deadwood over 40mm in diameter or over 1m in length (exempt);
- Crown lift to 4m by removing secondary and tertiary growth and selectively prune to give 2.5m clearance to the roof.

Approved Tree Works to T10 of TPO 1063/2004:

False acacia

- Remove as close to ground level as practicable

Reasons for proposed tree works:

T3 of TPO 1041/2002

In order to maintain adequate roof clearance and a balanced appearance.

T10 of TPO 1063/2004

Moribund tree with over 60% die- back in the canopy and major deadwood throughout up to 6m in length.

Officer's comments:

T10 of TPO 1063/2004 is located adjacent to T1 of TPO 1041/2002, therefore T2 included in this application is the protected False Acacia on site. Because of its poor condition, the Wokingham Borough Council consents to its removal for health and safety reasons.

The consent is granted subject to the following conditions:

1. The above works must be completed before **15 January 2027** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 'Tree work - Recommendations'. Pruning cuts of selective crown reduction should not be made beyond previous pruning points. Crown lifting should be limited to branches overhanging the roofs of 3 Glebelands Road, and the garage of 1 Glebelands Road, Wokingham only.
3. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.

Reasons for conditions 1-3

1. To ensure that our records remain accurate.
2. To ensure the health, safety and visual amenity of the tree(s) and ensure works are undertaken in accordance with recognised arboricultural good practice.
3. Spikes can cause extensive long-term damage to trees.

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Your appeal must be submitted online.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk

Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the **Tree Preservation Order only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via email to: development.control@wokingham.gov.uk

Yours sincerely,

A handwritten signature in black ink that reads "Chris Hannington". The script is cursive and fluid.

Chris Hannington
Trees and Landscape Team Manager

cc. Applicant: Mr Paul Jacobs, 3 Glebelands Road, Wokingham, RG40 1DY

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
www.forestry.gov.uk
