COMMENTS:

I wish to object to this planning proposal.  
Hurst is STILL an unsustainable location for this development.  
This proposal is STILL outside the development limit.  
There will STILL be a traffic issue, hence their new suggestion,  
which seems ridiculous.  
Given the amount of time and money spent on this site, why does it  
keep being looked at again. Where will children go to school?  
Doctors? Shopping? More cars through the village!  
I strongly object.
