| **Proposal:** | **Listed building application for the proposed erection of new building to create 4 new classrooms to rear of school with toilet facilities and storage space.** |

The Wokingham District Council in pursuance of their powers under the above Acts and Regulations hereby Approve **Listed Building Consent** for carrying out the above development in accordance with the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

**Conditions**

1. The development hereby permitted shall be begun before the expiration of five years from the date of this permission.

2. Prior to the commencement of development the following details shall be submitted to and approved in writing by the Local Planning Authority:

a) specification and finished colour of the render;
b) materials and finish details of the doors and windows;
c) materials and finish details of the proposed handrails;
d) fascia details, materials and finish.

The development shall proceed only in accordance with the approved details.

3. This consent relates only to the amended plans Nos. 3063/01B and 3062/02C received by the Local Planning Authority on 21 July 2003.

**Reasons**

1. In pursuance of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2. In the interests of the setting of the listed building.

3. In the interests of clarity.

**Informatives**

1. The development accords with the policies contained within the adopted / emerging development plan and there are no material considerations which warrant a different decision being taken.

2. You are advised, in compliance with The Town and Country Planning (General Development Procedure) (England) (Amendment) Order 2000, that the following policies and/or proposals in the development plan are relevant to this decision:

**Applicant** Wokingham District Council
**Location** St. Crispins School, London Road, Wokingham.
**Proposal** Proposed erection of new building to create 6th form block including 4 classrooms plus toilet facilities and office and storage space.

**FOR CONSIDERATION BY** Development Control Committee
**REPORT PREPARED BY** Head of Planning and Transportation

**SUMMARY**
The full planning application proposes the erection of a new building to create accommodation for the Sixth Form pupils at the school. As the school is a listed building a parallel listed building consent application for the works has also been submitted.

The applicant is the Council's Property Services section and therefore the application is before the Committee for a decision. In addition, the application for listed building consent will have to be referred to the Government Office for the South East as it relates to an application lodged by the Council.

**RECOMMENDATION**
That PLANNING PERMISSION BE GRANTED subject to the following conditions:
**F/2002/8265**
1. The development hereby permitted shall be begun before the expiration of five years from the date of this permission.
*Reason: In pursuance of Section 91(1) of the Town and Country Planning Act 1990.*
2. Before the building operations hereby permitted are commenced, samples and details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority and no external materials shall be used other than those approved.
*Reason: To ensure that the external appearance of the building is satisfactory.*
3. Prior to commencing work on site, provision shall be made to accommodate all site operatives' visitors and construction vehicles loading, off-loading, parking and turning within the site during the construction period, in accordance with details to be submitted to and agreed in writing by the Local Planning Authority. The provision should be maintained and used at all times.
*Reason: To prevent parking off-site, in the interests of highway safety and convenience.*
Informatives:
1. The applicant is reminded that this relates to planning permission only and does not constitute approval under any other legislation including Building Regulations.

**LB/2002/8264**
THAT THE APPLICATION BE REFERRED TO THE GOVERNMENT OFFICE FOR THE SOUTH EAST (GOSE), THAT GOSE BE ADVISED THAT THE COUNCIL RESOLVED TO GRANT CONSENT, THAT AUTHORITY BE GIVEN TO THE DEVELOPMENT CONTROL MANAGER TO ISSUE A CONSENT SUBJECT TO NO OBJECTION FROM GOSE subject to the following conditions:
1. The development hereby permitted shall be begun before the expiration of five years

from the date of this permission.
*Reason: In pursuance of Section 18 of the Listed Building and Conservation Area Act 1990.*
2. Prior to the commencement of development the following details shall be submitted to and approved in writing by the Local Planning Authority.
a) specification and finished colour of the render;
b) materials and finish details of the doors and windows;
c) materials and finish details of the proposed handrails;
d) fascia details, materials and finish.
The development shall proceed only in accordance with the approved details.
*Reason: In the interests of the setting of the listed building.*
3. This consent relates only to the amended plans Nos. 3063/01B and 3062/02C received by the Local Planning Authority on 21 July 2003.
*Reason: In the interests of clarity.*

**BACKGROUND**

St. Crispins School is a listed building. There have been a substantial number of applications for alterations and extensions since the school was first consented in 1951. This application is to expand the capacity of this oversubscribed popular school that currently has 1043 pupils on roll with a current net capacity of 979 pupils. The development will extend the capacity of the school to take Sixth Form pupils. The Local Education Authority has advised that the need for expansion is urgent for two reasons, to provide extra space for pupils and staff and to utilise the DfES Supplementary Credit Approval funding before it expires in March 2004 and becomes irretrievable.

**CONSULTATION**

**Access and Movement** – No objection.
**Sport England** – No objection.
**Conservation Architect** – No objection.
**English Heritage** – No objection.
**Wokingham Town Council** – No objection, see attached.
**Neighbour Notification Responses** – two letters of support have been received and one letter of objection raising concerns about trees taking light from Seaford Road properties, traffic jams and litter and vandalism.

**APPRAISAL**

Principle of development

1. The site is located within Wokingham, a category A settlement in the Wokingham District Local Plan (as proposed to be further modified). Policy WIC2 of the Wokingham District Local Plan (as proposed to be further modified) encourages the provision of new community facilities. There is therefore no objection in principle to the erection of new buildings on this site.

2. The site fronts London Road, a primary route into the town centre, the proposed new block would be located to the rear of the existing buildings and outside of the existing built envelope.

3. The site is surrounded to the north, east and south by residential development. To the west is the St. Crispins Leisure Centre and the Westende Country Junior School. To the south the school has a considerable area of playing field before the boundary of the site with residential properties.

Listed Building

4. The school is a listed building. Considerable negotiations have taken place in respect of the external appearance of the proposed block and its relation to the listed building on site. Amended plans have been submitted which over come the initial objections from both the Council's Conservation Architect and also English Heritage.

5. It is considered that the revised proposal would respect the setting, character and appearance of the existing listed building and would also reflect that appearance within the design of the new block. It is considered that the single-storey form and scale of the new block would be sympathetic to the scale of the adjacent listed building. The proposal accords with Policy EN4 of the Berkshire Structure Plan 1991-2006 and Policy WHE11 of the Wokingham District Local Plan (as proposed to be further modified).

Playing Fields

6. Further to additional information provided by the applicant it is calculated that the land proposed to be taken by the new block would equate to 0.08 hectares, which will leave the school with a remaining playing field area of 6.04 hectares. This amount of playing field is considerably in excess of the DfES requirement for a senior school of this size. The proposed location of the block does encroach on to the corner of the existing playing field but this piece of land does not currently form a playing pitch. The development would still allow for the positioning of a full size football pitch with adequate safety margins between the proposed development and the boundary fence. On this basis Sport England have withdrawn their initial objection. It is considered that the proposal complies with guidance in Planning Policy Guidance note 17 and Policy WR1 of the Local Plan.

Flooding

7. This site is not within an area designated as being liable to flood on maps held by the Environment Agency.

Comments from local residents

8. Comments reported from local residents do not relate specifically to this proposal but more to concerns arising from the behaviour of pupils at the school in their journey to and from the school premises. This is not in itself a planning consideration.

**CONCLUSION**

The revised proposal has successfully overcome the objections raised by statutory consultees. It is considered that the proposal accords with policies within the adopted Development Plan and the Local Plan as proposed to be further modified.

1. I am directed by the First Secretary of State to refer to your letter of 3 November 2003, concerning an application by Wokingham District Council for listed building consent for the works as detailed above. The application was made in accordance with the provisions of regulation 13 of the Planning (Listed Buildings and Conservation Areas) Regulations 1990.

2. The information submitted with the application has been considered. No objections were received following advertisement of the application. The Secretary of State is satisfied that the works proposed are acceptable as far as the effect on the character of this building of special architectural or historical interest is concerned.

3. Accordingly, the Secretary of State hereby grants listed building consent to the aforementioned works referred to in the application dated 30 December 2002 and as shown on the submitted drawings, subject to the following conditions:

(i) The works hereby permitted shall be begun before the expiration of five years from the date of this consent.

(ii) Prior to the commencement of development the following details shall be submitted to and approved in writing by the local planning authority.

Dear Mrs Jackson

**Notification under Environment Circular 01/01**
**Application for Listed Building Consent**
**ADDRESS: St Crispins School, London Road, Wokingham**
**PROPOSAL: Proposed Sixth Form Block**

Thank you for notifying English Heritage about the amended plans for the above application

The proposal is acceptable subject to the clarification of the following matter. It is stated on the plans that the earlier building (which this adjoins) has rendered panels, and that those on the new building are also to be rendered "to reflect existing adjacent building". However, it is our understanding that the building to which the new one is to be attached has pre-cast concrete panels. Therefore please clarify whether the panels of the new building will be rendered or pre-cast concrete. We suggest that if panels of the correct size and finish are available, pre-cast concrete panels be used.

Dear Dr Green,

**APPLICATION LB/2002/8264 – ST CRISPINS SCHOOL, LONDON ROAD, WOKINGHAM.**

Further to your letter dated 21 February 2003, I am writing to advise that the applicant has submitted revised plans in relation to the proposed Sixth Form Block. The Council's Conservation Architect considers that the revisions are now acceptable and the application is to be reported to committee on 1 October 2003.

However, I am aware that the Council is required to consult you on the proposal and I would be grateful for your comments. I also understand that the application will have to be referred to GOSE for a decision, clearly GOSE will want to know what your view is on the revised application. I attach the revised plans.

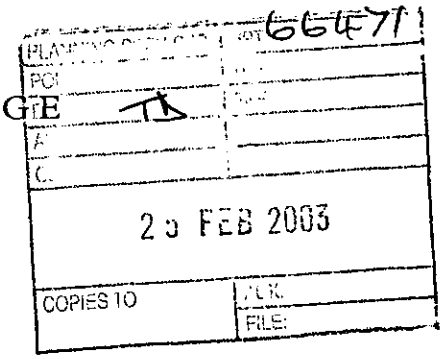

I apologise for the short notice, I thought that the re-consultation on the amended plans had included yourself and have only just realised that it didn't. If you have any queries then please do not hesitate to contact me.

Yours sincerely,

21 February, 2003

Dear Ms Davies

**ST CRISPINS SCHOOL, WOKINGHAM: APPLICATION LB/2002/8264: PROPOSAL TO ERECT NEW BUILDING.**

Thank you for notifying English Heritage about this application for the addition of a new classroom block at the above listed school, which affects the setting of the Grade II listed school buildings. The original buildings of 1951-3 lie at the north side of the site and it is proposed to attach the proposed new building to a circa 1960s block on the south side of the complex, adjacent to the playing field.

We have concerns about the application because the proposed building is alien in appearance to the earlier phases of the school (except the recent addition to the west). The listed school buildings, including the circa 1960s additions (CLASP system or similar) are all of pre-fabricated construction, with grey concrete panel cladding. However, the proposed material for the new block is to be brick (presumably red brick to match the other recent addition to this circa 1960s block?) a material that is entirely different in scale and texture, as well as colour, from anything on the earlier blocks. Also, the fenestration of the proposed block is visually 'bitty' and again has nothing in common with that of the 1950s and 1960s blocks. Furthermore, the proposed block is decidedly disappointing in its lack of design flair, when compared with the exemplary design of the original buildings. In its siting it is also alien to the grouping of the rest of the classrooms, jutting out into the playing field in contradiction to the tight grouping of the rest of the school (although we welcome the fact that it is placed well away from the original school buildings).

In summary, we have strong reservations about the granting of consent on this proposal in its present form.

Yours sincerely,
