COMMENTS:

Barkham Parish Council continue to object to this application. The council has over the high housing density. Our concerns over the increased amount of traffic this development will bring, which will be exiting onto a narrow road, which is already struggling with the volume of traffic and speed have not changed, and are still relevant with the revised application. The added pressure that it will bring to the already overstretched medical services also still apply.

?

For the above reasons Barkham Parish Council request this application be rejected and the houses that have already been approved are constructed.
