Location: **Rusts, 420 Finchampstead Road, Finchampstead, Wokingham.**

Proposal: **Proposed installation of A.T.M cash machine to shop front.**

The Wokingham District Council in pursuance of their powers under the above Acts and Regulations hereby **Approve Permission** for carrying out the above development in accordance with the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Condition
1. The development hereby permitted shall be begun before the expiration of five years from the date of this permission.

Condition
2. All new works and works of making good to the retained fabric shall be finished to match in size, colour, texture and profile those of the existing building.

Condition
3. Prior to commencement of the development hereby approved, details of lighting of the ATM shall be submitted to and approved in writing by the Local Planning Authority. The lighting scheme shall be implemented as approved, prior to the ATM being brought into service, and shall be retained thereafter.

Reason
1. In pursuance of Section 91(1) of the Town and Country Planning Act 1990.

Reason
2. To ensure that the external appearance of the building is satisfactory.

Reason
3. In the interests of the security of users of the ATM.

Consultation Responses :

Highways - no objection

Finchampstead PC - no objections

Police design advisor - risk increased by alleys / building recesses / phone boxes
- not high risk area but lack of residential surveillance + ease of vehicle escape + relative isolation are a concern
- would prefer to see improved lighting and CCTV in frontage.

Planning Issues :

impact on character and amenities of the area

F/2001/3160
Rusts, 420 Finchampstead Road, Finchampstead

Appraisal: The proposal is for the insertion of an ATM in the front elevation of the shop, which is a small local supermarket/convenience store. It would be located to the left (as viewed externally) of the entrance doors, adjacent to the Post Office. The doors would be replaced, with the left hand door would being reduced in width, to accommodate the ATM. There is a separate proposal (A/2001/3159) for an internally illuminated projecting sign, to advertise the ATM.

The proposal would result in the provision of an additional facility, within the local shopping centre, which is to be encouraged, and could assist in reducing the number/length of car trips. The notes on drawing BOS/3666/01 indicate that the that the panel around the ATM would be powder coated steel, in a colour to specified by Rusts - this should match the existing fascia sign/shopfront/window stickers.

With regard to security of those using the machine, the Police architectural liaison officer has identified alleys, recesses in buildings and phone boxes as features that increase risk and the lack of residential surveillance, ease of vehicle escape and relative isolation as particular issues. There is a phone box to the north of the Post office and an alley at the side of the store but other properties in the vicinity would also present similar risks and the area at the front of the shop is quite open, visible from surrounding premises and as a local centre would be relatively busy.

Your Ref. 3160

Dear Ms. Circuit

A.T.M. – Rusts Store, Finchamstead Road.

Thank you for the details of the above application.

I would make the following observations :-

The main crime risk relating to shop front mounted ATMs is the commission of robberies against users a moment after they have withdrawn cash. The proximity of alleys, building recesses or telephone call boxes where potential offenders can watch discreetly are all features which increase the risk.

Although not a high crime area, the lack of residential surveillance, the ease of vehicle escape in several directions and the relative isolation of the locality are all of concern.

I would prefer to see plans for improved lighting of the frontage and at least some form of CCTV surveillance of the front elevation included in the application. The crime risk to users must be addressed as well as the risk to the machine and shop fabric and the commercial benefit.

With regard to the duty on local authorities under Sec. 17 Crime & Disorder Act 1998, to take all their decisions in light of the need to do all that they can to reduce crime & disorder, the crime risks facing this proposal include burglary and a significant likelihood of car crime in remote parking bays.

The council can help discharge its duty under Sec 17 by taking the above comments into account when making its decision in respect of this application.

I trust this will be of help, and thank your for your consultation.

Yours sincerely.

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent: for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.

Advertisement Consent: for the display of advertisements or signs

Building Regulation Approval: for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or by the Chief Officer responsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.
