About this product

Swifts (*Apus apus*) are summer visitors to the UK. Each year they make the long journey from their wintering grounds in Africa to breed, before returning again in August. Swifts mate for life and breeding pairs will meet up each Spring at the same nest site. These nests are made high in the roof space under the eaves of old buildings. Many modern and refurbished buildings now have much more effective sealing of the eaves, meaning that nesting spaces are becoming more difficult to find. Colours may vary slightly from images.

The Eco-habitat for Swifts is designed to be incorporated into the brickwork of a new build or renovation. It will provide a suitable nesting site for a pair of swifts whilst being a discrete addition to your building. It should be sited high up in an external wall, as close to the eaves as possible. Each Swift Brick is equivalent to 3 bricks (2 bricks high 1.5 bricks long)

Please note that due to the nature of this product, we are unable to ship by our usual shipping methods, and as a result the actual shipping price may not be accurately reflected during on-line check out. The usual shipping for this item will be £10.00 (plus VAT) per box to locations in mainland UK, which will be amended after the order is placed. This is in addition to the shipping of any other items on an order. For other regions please contact customer services on customer.services@nhbs.com or 01803 865913 for a quote.

We are currently unable to send this item outside of the UK. As these boxes are made to order, they may take up to 10-12 weeks to dispatch.

Specification

- **Dimensions:** 32.6 14 x 14 (L x W x H)
- **Weight:** 4.5 kg
- **Material:** Brick
