COMMENTS:

Charvil Parish Council are supportive of the reduction in the speed limit to 40mph along the stretch of the A4 from Bridge Farm to Charvil, but believe that there is a continued need for a Gateway sign as drivers approach the built-up area of Charvil, to draw attention to the fact they need to take extra care with the crossing, junctions etc. Obviously, there is no need for the 40mph part of the sign, but re-enforcing the approach to the built up area remains important.

There should probably be a similar sign approaching the new development for Twyford.
