COMMENTS:

I hope this email finds you well. I am writing to express my strong support for the proposed mosque in Winnersh, Wokingham. As a long-term resident and an active member of the local community, I believe that repurposing the existing building into a place of worship and community center will be a valuable addition to our town. This facility will serve not just as a religious space but also as a hub for social cohesion, education, and charitable initiatives that will benefit all residents, regardless of faith.

Muslims in Wokingham are active contributors across key sectors, including healthcare, education, finance, and technology. Many of us serve as doctors, nurses, teachers, and business professionals, committed to the betterment of society. A local mosque will not only support the spiritual and social needs of these individuals but will also facilitate community outreach programs, charitable initiatives, and interfaith dialogues that promote mutual understanding and harmony.

I understand that some concerns have been raised regarding traffic, noise, and community integration. However, I assure you that the Muslim community is fully committed to being responsible and considerate neighbors. The mosque will implement measures to manage visitor flow, minimize disruption, and engage with local residents to address any concerns. Additionally, the facility will be open to people of all backgrounds, fostering inclusivity and unity within our town.

In summary, this project is an opportunity to enhance Wokingham's reputation as a diverse, welcoming, and forward-thinking town. By supporting the construction of this mosque, we can take a step toward building a more inclusive and harmonious community where everyone feels represented and valued. I sincerely hope that you will consider the broader benefits of this proposal and support its approval.

Thank you for your time and consideration.
