COMMENTS:

Spencers Wood used to be a fairly peaceful village, which is why we moved here 34 years ago. The latest proposed development will increase the traffic through the village by at least 420 or more cars etc. Early morning traffic trying to get to the M4 and Reading is already bad, plus the additional noise & pollution. The recent change to a 30mph limit is still being ignored by some - speed humps should therefore be installed. The proposed development is within AWE Burghfield's DEPZ. Countryside and wildlife habitats will be destroyed.
