Application Number: F/2001/3541
Appraisal:

The proposal is for a single storey rear extension to a 2-storey extended detached house to form a conservatory.

The single storey rear extension will fit in the gap between the rear kitchen and the dining room area. It will be 2.5 metres wide and will project from the rear elevation of the house by 5 metres towards the rear garden. The northwest elevation will see a 3.1 metre projection. It will have a glazed pitched roof with an eaves height of 2.3 metres with a ridge height of 3.2 metres. To be constructed with brick to below window level. The rear garden is bounded with a 1.8 metre high enclosure.

1) Impact on neighbouring properties

No. 2, to the southeast, 0.4 metres higher, 2-storey detached house, at slight angle to No.2, extended to the rear with a single storey extension/conservatory. Due to the orientation and distance away the occupants of this property will not be affected – no adverse impact.

No. 6, to the northwest, 0.4 metres higher, 2-storey detached house. Extended to the rear with a single storey conservatory. Due to the orientation and distance away the occupants of this property will not be affected – no adverse impact.

No.51, Larkswood Drive, to the northeast, slightly lower, detached dormer bungalow detached house. Windows on flank elevation face No.4. However due to the orientation and distance away the occupants of this property will not be affected – no adverse impact.

2) Impact on street scene /visual impact.

It is considered that conservatory will not be visible from the Lea Croft or Larkswood Driver. The design and materials will match the existing house, therefore no adverse impact on street scene/visual amenity of the area.
