Dear Mr Shashikanth Hallibyl,

HOUSEHOLDER PRIOR APPROVAL DECISION

Application Number: 251661

Site Address: 33 Stanton Close, Earley, Wokingham, RG6 7DX

Proposal: Application for the prior approval of the erection of a single storey rear extension, which would extend beyond the rear wall of the original house by 6.00m, for which the maximum height would be 2.77m and the height of the eaves 2.57m.

Town and Country Planning (General Permitted Development) (England) Order 2015. Process set out by Condition A.4 of Class A of Part 1 of Schedule 2 of Article 3

I refer to your recent application registered on 11 July 2025 for determination as to whether prior approval is required for the erection of a single storey extension to the rear of the above dwelling.

I can confirm no neighbour objections have been received within 21 days from the date of notification and therefore prior approval is not required. Please be aware that you will need to comply with Building Regulations in the construction of the development.

This written notice indicates that the proposed development would comply with paragraph A1. (g) of Schedule 2 Part 1 Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). It is important to note that this written notice does not indicate whether or not the proposed development would comply with any other of the limitations or conditions of Schedule 2 Part 1 Class A. If you require confirmation that the development would be lawful (i.e. that it would comply with all the limitations and conditions set out in Schedule 2 Part 1 Class A), then you can submit an application to the local planning authority for a Certificate of Lawful Development. For your information, building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information

relating to services within your site at [Home - LineSearchbeforeUdig \(lsbud.co.uk\)](http://Home-LineSearchbeforeUdig.lsbud.co.uk) and contact the Plant Protection Team at SGN on 0800 912 1722 or plantlocation@sgn.co.uk. The development stated above may be liable to pay the Community Infrastructure Levy. You must therefore complete and return a [form 5 notice of chargeable development.pdf \(planningportal.co.uk\)](http://form5noticeofchargeabledevelopment.pdf.planningportal.co.uk) prior to commencing to determine whether the development is liable. Failure to complete this form can incur a penalty surcharge. Please submit all CIL forms and enquiries to developer.contributions@wokingham.gov.uk.

Informatives

1. Notwithstanding the submitted plans, this application is only considering the proposed single storey rear extension. The applicant is reminded that the demolition of the existing garage as shown on the plans may require separate planning permission.

Yours sincerely,

A small, square, light green stamp containing a handwritten signature in black ink. The signature appears to be 'JT' or similar initials.
