COMMENTS:

The Horns is a viable business proposition and a premises we have been frequenting for many years. Subsequent landlords sadly failed, but with ownership by Brakespears this was expected. In private hands this business can flourish and as a community asset is vital for the cohesion of the closest villages. Far too often, rural and semi rural communities are deprived of a space to meet and talk. I have lost touch with some of the residents in Crazies Hill and Cockpole Green as a result of the closure of the Horns as it is not customary in this country to intrude into peoples homes.
