COMMENTS:

Barkham Parish Council has reviewed the amended/submitted documents relating to Planning Application 251540 and wishes to reiterate the comments made in its previous consultation response dated 5 August 2025.

The Parish Council notes that there have been no substantial changes to the proposal that address the concerns previously raised. In particular, the arrangements relating to the access track remain largely unchanged and the issues identified in our earlier response have not been satisfactorily resolved.

The Parish Council maintains its objection for the reasons detailed in its previous response and considers that the proposal, as currently submitted, fails to adequately address the concerns relating to the access track and associated impacts arising from the development.
