COMMENTS:

I am writing once again to object to this planning application which would remove the countryside between Spencers Wood and Swallowfield and contribute to an almost continuous area of development. This is an unsuitable location, and the local infrastructure, particularly the local roads, where congestion is already bad, would be further impact by increased traffic. This is particularly concerning in such close proximity to a school, where traffic at school drop off and collection times is already bad. Development at this location would also impact on the local environment and landscape and further displace wildlife, already affected by the overdevelopment of the area. I urge WBC to reject this application.
