

PLANNING REF : 252782
PROPERTY ADDRESS : 89 The Hawthorns
: Charvil, Berkshire
: RG109TT
SUBMITTED BY : Mr Steve Anderson
DATE SUBMITTED : 08/12/2025

COMMENTS:

I object to the application, for the following reasons:

Traffic concerns - the road is unsuitable for large HGVs and access to the site is too close to where the road bends which is already dangerous as vehicles often veer onto the opposite side of the road when entering / exiting the site.

Nature conservation - The increased risk associated with locating a fuel depot next to the Charvil Country Park nature reserve where one fuel spillage would cause years of damage to the established habitat and wildlife should be the only reason needed to reject this planning application. This area of natural beauty is used by many local residents and should not be placed at risk by locating a fuel depot immediately next to it.

Noise - The disturbance caused by the HGVs on such a small narrow road travelling through the housing in both Charvil and Twyford will be considerable for those local residents living on or near the Old Bath Road.

In order to protect the environment, the nature reserve and local residents from increased noise, traffic issues and the danger to local wildlife I urge you to refuse this planning application.
