COMMENTS:

I strongly object to this planning application on the grounds as follows:

1. The volume of additional HGV's on The Old Bath Road that would require access to the site would cause 2 issues, namely considerable traffic disruption at peak travel times and further damage to the, already stressed, road and infrastructure - the road isn't fit for such large vehicles.
2. With the flooding that happens each year around the meadows, Charvil Park and the River Loddon, the risk of an environmental spillage is considerable and would be catastrophic for the local environmental, water table and wildlife.
