Informatives

1. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF.

2. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

3. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.
