COMMENTS:

My objection to the presented plans to date ,ref: 253071 , are that I agree with the documented comment from Lee Searles , Andrea Pellegram Ltd: of 09/06/26 under their " Second Response to Planning Application 253071". I agree totally with all matters raised under this document as on the W.B.C. comment page . I am sure from their concise comments a better plan for this area can be achieved . So I hope that W.B.C. can agree with their summary of the site problems and then agree to alter things to improve for both existing property owners and the new buyers onto this new development.
