COMMENTS:

As a member of the fishing syndicate I have numerous concerns regarding this application.

Flooding

Inherent instability of the site

Risk of pollution

Planned Piping of outflow of waste water into Loddon

The risk of 50plus tanker movements per day onto Old Bath Road swinging across both carriageways to exit site between two blind bends where excess speed is the norm.

Noise, light and air quality pollution. They are planning on operating 7 days a week incl bh from 6am.

The Smell of fuel and light pollution
