Berkshire RG40 1WR

Tel: (0118) 974 6000

Dear Mr Yates,

TREE PRESERVATION ORDER NUMBER: 619/1993
APPLICATION NUMBER: 250256
SITE ADDRESS: 19 MURDOCH ROAD, WOKINGHAM, RG40 2DQ

I am writing to you regarding your application to carry out works to protected tree(s) which was received and validated on the 03 of February 2025.

I can confirm Wokingham Borough Council **consents with conditions**, to the following works, being carried out to tree(s) included in the above-mentioned Tree Preservation Order (TPO):

Approved Tree Works A1 of Area TPO 619/1993:

T29, Scots Pine - Fell dead tree.
T69, Sweet Chestnut - Fell dead tree.
T73, Sweet Chestnut - Fell dead tree.

Reasons for proposed tree works:

Tree No's 29 (Scots pine), 69 (sweet chestnut) and 73 (sweet chestnut) have died and require removal to make them safe.

Officer comments

The Council has confirmed in a site visit that the subject trees are dead, therefore the proposed works to remove them are considered necessary given the high target location.

Following the permitted works replacement planting will be important to maintain tree canopy cover in the local area.

The consent is granted subject to the following conditions:

1. The above works must be completed before **03 April 2027** and in the event of the works not being completed by that date, further consent will be required.
2. Work must be carried out in accordance with British Standard 3998 – 2010 ‘Tree work - Recommendations’.
3. Replacement planting: Following the removal of the three trees as authorised by this consent, 3 no. replacement trees, shall be planted in accordance with the following

The replacement tree species should be chosen from the following: *Castanea sativa* (Sweet Chestnut), *Carpinus betulus* (Hornbeam), *Pinus sylvestris* (Scots Pine), *Tilia cordata* (Small-leaved Lime), *Betula Pendula* (Silver Birch), *Liquidambar styraciflua* (Sweetgum), *Liriodendron tulipifera* (Tulip Tree).

The replacement trees must be planted within the boundary of the Area TPO 619/1993 A1 and during the planting season (Nov-March) following or at the time of the felling of the subject trees, whichever is soonest following the permitted tree works.

The new tree(s) should be a minimum of 2m tall. Planting should be carried out in accordance with clause 10 (Planting) of BS 8545:2014 ‘Trees: from nursery to independence in the landscape – Recommendations’.

Should the replacement trees be removed, die, or become severely damaged or seriously diseased, all within 5 years of planting, they shall be replaced by trees of a similar size and species to that originally planted. Modifications to the requirements of this condition must be agreed in writing with Wokingham Borough Council Tree and Landscape Team.

PLEASE NOTE: The requirement to replant is the responsibility of the tree owner even if the application was submitted by another person.

Reasons for conditions 1-3

1. To ensure that our records remain accurate.
2. To ensure works are undertaken in accordance with recognised arboricultural good practice(s).
3. To maintain canopy cover in the Borough for the benefit of the local environment and amenity.

Informative:

If you are aggrieved by any of the conditions attached to your consent, you may appeal to The Planning Inspectorate (PINS). Because of coronavirus (COVID-19), you currently can only make a planning appeal online. You cannot currently apply by post.

For more information go to:

<https://www.gov.uk/government/publications/tree-preservation-order-appeal-form>

Telephone: 0303 444 5570 or e-mail it to: treeandhedgeappeals@planninginspectorate.gov.uk

Your appeal should be received within one month of receipt of this decision or any such longer period as the Planning Inspectorate may allow.

You are advised that this letter is in respect of the Tree Preservation Order only and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent would be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via development.control@wokingham.gov.uk.

Yours sincerely,

A handwritten signature in black ink that reads "Chris Hannington". The signature is written in a cursive style with a large initial 'C'.

Chris Hannington
Trees and Landscape Team Manager

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website:
