COMMENTS:

I strongly object to the proposal for a further 850 homes, a primary school and five traveller pitches.

Wokingham is already being overwhelmed by continuous development, with beautiful green spaces disappearing at an alarming rate. Our roads, doctors, dentists, schools and other essential services are already under enormous pressure, yet more housing continues to be approved without the infrastructure needed to support it.

One primary school is nowhere near enough for a development of this size, particularly when existing services are already stretched. There also appears to be no proper consideration of the damage to wildlife, habitats, drainage and the wider ecosystem.

This is not sustainable development. Wokingham cannot keep absorbing thousands of new homes at the expense of its countryside, environment and the quality of life of existing residents. I urge the council to reject this proposal and protect the remaining green land.
