

Reasons for the proposed works: T1

[1] This pine tree is completely dead and could fall down any time, particularly when strong wind blows. Such an incident might cause severe damage to nearby properties such as parked cars on the driveway and the house itself.

[2] The other nearby trees could be infected by the same disease that has killed this tree.

Proposed work: T1

Cut down the tree completely in a controlled manner by a professional tree surgeon

Reasons for the proposed works: T2

[1] The pine tree is completely dead and could fall down any time cause strong winds thereby causing severe damage to nearby property such as cars parked on the driveway.

[2] The two other nearby trees could be infected by the same disease if the dead d tree is not removed.

Proposed work: T2

Cut down the dead tree completely by a professional tree surgeon
