COMMENTS:

Dear Sir or Madam,

My name is Finley Anderson, and I am 13 years old. I live near the area where you want to build all the new houses. I think this plan is a bad idea because it will cause a lot more traffic, make flooding worse, and destroy the fields and nature where animals live.

Our schools and doctors are already really busy, and building so many new homes will make things harder for everyone who already lives here.

Please don't let this plan go ahead.

Yours sincerely,
Finley Anderson
Age 13
