COMMENTS:

I very much support the plan to build a primary school at the specified location. Many parents with young children in the village are concerned that the current primary schools around here are very oversubscribed and their children cannot get a space even when they live a few minutes walk away from the school. My child is due to start school in 2027 and the thought of there having no space in a nearby school is very stressful.

The plan has always been to build a primary school at this location. This was in Taylor Wimpey's site plan many years ago. It is good to finally see some progress on this matter. There are sufficient amount of shops/stores in Spencers Wood and nearby villages (with a Lidl currently being built in Shinfield). I am sure building a school that meets the urgent needs of many local parents and nurtures the future generations of this country is much more important than cutting some time in one's weekly shop and will be a much better use of this space.
