COMMENTS:

The Planning & Community Committee have considered this application. They recalled the previous application for a hydraulic lift at this site, and noted the applicant attended their previous meeting stating this was to be used for one specific car and then would no longer be used.

The Committee noted that residents had indicated multiple cars had been repaired on this car lift.

The Committee wished to object to this application on the grounds that this area of Kingfisher Drive is residential and not appropriate for such an the operation and the siting of a hydraulic car lift, noting it was out of keeping with the area, and unneighbourly.
