COMMENTS:

I object to this plan. I live close to this site and reason for objecting is I have seen the negative impact of the mosque/community centre near Sutton Seeds Roundabout/London Road where the people visiting that place park on residential roads and this causes havoc for the locals in Earley. They want this to open as a community centre but we know this will expand and this will end up upsetting too many residents. This would be similar in this instance. This is very inconsiderate. Perhaps they should consider buying the old Reading Library in the Town Centre. We would protest against this as it's totally unacceptable to residents and the local businesses, many of which are heavy construction businesses which need space to drive large vans/trucks which they would block.
