

Annotated viewpoint photographs

To be viewed **digitally at 125% enlargement** - see notes below.

VIEWPOINT 9 - 19th February 2025, 11:51

VIEWPOINT 10 - 19th February 2025, 12:19

VIEWPOINT 9 - View looking southwest from the junction of Basingstoke Road and Wellington Court.

VIEWPOINT 10 - View looking west into the Site entrance from the junction of Basingstoke Road and The Square.

Notes: Cylindrical panoramic image - **to be viewed digitally** (see instructions for viewing below). If printed on A3 paper this image is for context only. A reference image of the indicated insert is provided in Appendix 12.

Instructions for viewing digitally: All images must be viewed with the 100mm scale bar at the bottom left of the page displayed at its true size (achieved by adjusting PDF zoom level). This represents a 125% or 150% enlargement as appropriate (refer to Technical Methodology in Appendix 11). The images should then be viewed at comfortable arm's length (exact mathematical reference point = 542mm from eye to image) by maintaining the head in a constant position (without turning) and panning the image from side to side - this maintains a constant viewing distance across the panorama and provides the best recommended representation of the view found on site.

Photographs taken with a Nikon D3500 or D3400 digital SLR camera (cropped frame sensor) with a fixed focal length Nikon 35mm lens (refer to Technical Methodology in Appendix 11). Photographs stitched together using Photomerge ('reposition only' layout) in Adobe Photoshop.

Annotated viewpoint photographs

To be viewed **digitally at 125% enlargement** - see notes below.

VIEWPOINT 11 - 19th February 2025, 12:22

VIEWPOINT 12 - 19th February 2025, 12:27

VIEWPOINT 11 - View looking northwest from Basingstoke Road, opposite ‘School House’.

VIEWPOINT 12 - View looking northwest from near the entrance to ‘Highlands’.

Notes: Cylindrical panoramic image - **to be viewed digitally** (see instructions for viewing below). If printed on A3 paper this image is for context only. A reference image of the indicated insert is provided in Appendix 12.

Instructions for viewing digitally: All images must be viewed with the 100mm scale bar at the bottom left of the page displayed at its true size (achieved by adjusting PDF zoom level). This represents a 125% or 150% enlargement as appropriate (refer to Technical Methodology in Appendix 11). The images should then be viewed at comfortable arm’s length (exact mathematical reference point = 542mm from eye to image) by maintaining the head in a constant position (without turning) and panning the image from side to side - this maintains a constant viewing distance across the panorama and provides the best recommended representation of the view found on site.
