Comments On Proposal

The site is located adjacent to a Green Route (Finchampstead Road is designated). The trees to the front of this site and the adjacent property are protected by TPO 1278/2008.

The proposed first floor side extension, which will be above the recently approved garage (application 231338), will have no additional impact on the protected trees. The existing drive is not shown to be amended so there will be no additional impact on the existing trees. The first floor extension will be set back from the front elevation so will appear subservient in the street scene and therefore I consider will not have a detrimental effect on the adjacent Green Route. Overall, I have no objection to the proposed application.

Conditions & Reasons (if required)

No conditions required.
