COMMENTS:

I would like to object to this planning application which has already been rejected on a previous application. My reasons- I believe the entrance to the proposed site is just where the speed changes to 60mph which will increase safety concerns.

Major concern is the flooding issue. This fields and roads in this area suffer from flooding being close to the flood plain of the river and believe this development will only add to this problem.

Concern for wildlife in this area.

Local popular school unable to provide extra places for pupils.

No public transport. Only shops/chemist/doctors is a 30min walk

I believe this site is not sustainable for many reasons
