

HOUSEHOLDER **DRAFT DECISION NOTICE**

WOKINGHAM
BOROUGH COUNCIL

Expiry Date: 13 February 2026

Application Number: 251539

Location: 354 Barkham Road, Barkham, Wokingham, RG41 4DE

Proposal: Householder application for the proposed erection of a first floor upwards extension with new pitched roof and front facing gable, alongside a two storey rear extension with roof lights and associated alterations to front, side and rear fenestration, following removal of existing roof structure.

Recommendation: Approve

Conditions and/or Reasons

1. Timescale - The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. Approved details - This permission is in respect of the submitted application plans and drawings numbered 25/532/05/A, 25/532/04/A and 25/532/02/B received by the local planning authority on 26/09/2025 and 29/10/2025. The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. Landscaping - Prior to the commencement of the development there shall be submitted to and approved in writing by the local planning authority a scheme of landscaping, which shall specify species, planting sizes, spacing and numbers of trees/shrubs to be planted, and any existing trees or shrubs to be retained. Planting shall be carried out in accordance with the approved details in the first planting and seeding seasons following the occupation of the building(s). Any trees or plants which, within a period of 5 years from the date of the planting (or within a period of 5 years of the occupation of the buildings in the case of retained trees and shrubs) die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species or otherwise as approved in writing by the local planning authority.

Reason: To ensure adequate planting in the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21 (and TB06 for garden development).

4. Foundation design - No development or other operations shall take place until a site-specific pile and beam foundation design by a structural engineer for the rear extension hereby permitted, has been submitted to and approved in writing by the local planning authority for approval. The extension is to be constructed in accordance with the approved details.

Reason: To prevent damage to the adjacent off-site trees in the interests of the amenity and landscape character of the area. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

5. Construction within the root protection area - No development or other operations shall take place until engineer-designed specifications and drawings for the new structures, hard surfacing and hard landscaping within the root protection area of the retained trees hereby permitted has been submitted to and approved in writing by the local planning authority for approval. The new structures, hard surfacing and hard landscaping are to be constructed in accordance with the approved details.

Reason: To prevent damage to the adjacent off-site trees in the interests of the amenity and landscape character of the area. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21

6. Protection of trees a) No development or other operations shall take place except in complete accordance with the BS5837 Arboricultural Report and Arboricultural Method Statement (AIA/AMS Rev A, by SJAtrees, December 2025) and the Tree Protection Plan 02(hereinafter referred to as the Approved Scheme) including any site-specific foundation designs and engineer-designed specifications and drawings for construction and hard surfacing within the root protection areas of retained trees, as approved in writing pursuant to Conditions 4 and 5 of this permission and incorporated within an updated Arboricultural Method Statement.

b) No operations shall commence on site in connection with development hereby approved (including any tree felling, tree pruning, demolition works, soil moving, temporary access construction and or widening or any other operation involving use of motorised vehicles or construction machinery) until the tree protection works required by the Approved Scheme are in place on site.

c) No excavations for services, storage of materials or machinery, parking of vehicles, deposit or excavation of soil or rubble, lighting of fires or disposal of liquids shall take place within an area designated as being fenced off or otherwise protected in the Approved Scheme.

d) The fencing or other works which are part of the Approved Scheme shall not be moved or removed, temporarily or otherwise, until all works including external works have been completed and all equipment, machinery and surplus materials removed from the site, unless the prior approval in writing of the local planning authority has first been sought and obtained.

Reason: To secure the protection throughout the time that the development is being carried out of trees shrubs or hedges growing within or adjacent to the site which are of amenity value to the area, and to allow for verification by the local planning authority that the necessary measures are in place before development and other works commence Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21.

7. External materials - Except where stated otherwise on the approved drawings, the materials to be used in the construction of the external surfaces of the extension hereby permitted shall be of similar appearance to those used in the existing building, unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: To ensure that the external appearance of the building is satisfactory.

Relevant policy: Core Strategy policies CP1 and CP3.

8. External lighting - At no time shall external lighting be installed on the site or affixed to any buildings on the site without prior written approval of the local planning authority.

Reason: To ensure that bats a protected and priority species and wildlife are not adversely affected by the proposals. Relevant policy: NPPF paragraph 198 and Section 15, Core Strategy policies CP1, CP3 and CP7 and Managing Development Delivery Local Plan policy TB23.

Informatives

1. The applicant is reminded that this approval is granted subject to conditions which must be complied with prior to the development starting on site. Commencement of the development without complying with the pre-commencement requirements may be outside the terms of this permission and liable to enforcement action. The information required should be formally submitted to the Council for consideration with the relevant fee. Once the details have been approved in writing the development should be carried out only in accordance with those details. If this is not clear please contact the case officer to discuss.

2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF.

3. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

4. The applicant is reminded that should there be any change from the approved drawings during the build of the development this may require a fresh planning application if the changes differ materially from the approved details. Non-material changes may be formalised by way of an application under s.96A Town and Country Planning Act 1990.

5. Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.

Recommendation and conditions/reasons agreed: *MC*

Date: 11.02.2026

REMEMBER - The earliest date for a decision on this application is: **24 July 2025**
